"ONE MAN" SYSTEM

"We talked with one of our customers yesterday. We spoke of the cost of living. He says he started on very small wages, and managed to save money. It seemed almost impossible, but he began by making a schedule of living expenses, those things absolutely necessary. What remained he called his profits, and used half for pleasure expenses, saving the other half. He said it was all due to the little system he used and knowing exactly what he spent."

The Ocala Northern had a little wash-out on its line near Kenwood Saturday, and when the train crews reached their homes they had been on the road so long that the 16-hour law seemed about to break up the schedule. However, the management is resourceful, and with the handsome parlor car in service, extra men in the cab and Superintendent Hollinrake punching tickets, the Sunday morning train went out almost on time. By night everything was all straightened out and the trains running smoothly again.

SOME CHANGES IN THE COAST LINE SCHEDULE

On or about Nov. 1, possibly a few days sooner, trains 37 and 38, the Palmetto Limited, will resume their night runs from Jacksonville and St. Petersburg. At the same time, Nos. 9 and 10, which now run the entire length of the line, will shorten their trips to Leesburg, thus putting in effect the same schedule that was in effect last winter.

TWO GAMES WITH TAMPA

The Ocala high school football team will play two games with Tampa this year. The first one will be in Tampa on Nov. 2nd and the second will be in Ocala during the Marion County Fair. The managers of the fair have agreed to pay the expenses of the game played during the fair if the boys will put the game in their charge. This will be a great drawing card to the fair as there are many country people who have never seen a game of football and they will be more than glad to pay a little extra to see a game like these two teams have been playing for the past two years.

COLORADO MAN BADLY INJURED

Wednesday afternoon, near Zuber, a colored man by the name of Byrd, in the employ of the Summer Lumber Co., was fearfully mangled in a peculiar manner. Byrd was driving a log cart, a very heavy, high-wheeled vehicle, when the cart turned over. In trying to right the cart, it fell back on him, and the great weight, resting on one of the rims of the wheel, lay across the man's loins. He was taken out after some delay and it was seen that he was terribly injured. Mr. Davis, manager of the mill, phoned for the ambulance and he was brought in and placed in the Marion County Hospital. The physicians found the bones about his hips were broken and shattered and some of the interior organs dislocated and lacerated. He was operated on and is doing as well as could be expected. His condition is most grave and he is suffering dreadfully, but is very patient and sensible. Mr. Davis told the surgeons that the man was one of the most faithful and efficient colored men they had ever employed; that he had been with them for many years and was worth far more to them than what his labor produced. He asked them to spare no trouble or expense in saving the man's life.

NADAMIE SHERRY DELIGHTED A ST. AUGUSTINE AUDIENCE

Tuneful to both eye and ear—for surely there is music in the poetry of motion as well as in song—full of life and vivacity and pleasing withal; Nadamie Sherry as presented at the Jefferson Theater last night was an entirely delightful show and won the audience. The production was far and away superior to that of last year.—St. Augustine Record.

Madame Sherry will be at the Temple Saturday evening.

AIR DOME ENTERTAINMENT

There will be two western pictures at the Air Dome tomorrow and one good comic. The pictures were the best last night, and were among the best ever shown in Ocala. Friday night will be another children's night. Prizes and treats for the children. Gold watch given Saturday night. Tonight's program is as follows:

After Many Days. A Thrilling Vitagraph western picture.

On the Cactus Trail. Featuring Big Bill Anderson in a fine western picture.

What the Driver Saw. A roaring comic.

CUPID AT COLLEGE

The Fannie R. Gary Chapter C. of C. is preparing to give the three-act musical comedy "Cupid at College" at the Temple Theater on Friday night of this week. A college play is always of interest, and affords great opportunity for the fun and frolic of the average college girl, and when they are assisted by an English lord, who is writing a book on American society, a bell boy who reads the Tip-Top Weekly and a lovely Irish maid, the opportunities for funny situations are doubled. The cast of characters has been well chosen and all are working hard for the success of the play. The musical numbers are catchy and the little dances add to the attractiveness of the play. Special advertising, which is intended to be sent to everybody is being mailed out. Should any one fail to receive their card it is an account of the difficulty in remembering every name and not intentional.

AMATEUR NIGHT AT THE IDEAL
